Continuation of Substance of Interview including description of the general nature of what was discussed: As a result of BPAI decision of 11/08/2007, Examiner suggested to appellant's representative (Ms. Longmuir) to further amend claim 139 submitted on April 25, 2008 by rewriting the preamble as "A computer-readable medium having computerized tool for use on a computer apparatus having input interfaces for receiving information, a memory for storing information and a user interface, configured for facilitating forward looking strategic analyses of a collection of technical documents each having a searchable text and associated bibliographic information including a source and a date, comprising computer-assisted steps:" to overcome the 35 USC 101 rejection. Ms. Longmuir accepted Examiner's proposition and authorized Examiner's amendment when this case is approved for allowance.
